Planner's comments

The same trailO course was tackled by orienteers of all ages. Their experience varied from novice to world class.

It was great to see such good results with the pecking order coming down to a few seconds difference in making a correct choice at the timed control.

Solution maps will appear in a day or two on the White Rose website and British Orienteering TrailO page. <https://www.britishorienteering.org.uk/site/trailo/news>

With thanks to our hardworking helpers: Amanda Cooper, Alan Parker, Margaret Parker, Chris Drew, Liz Drew.
