

# Clifton Backies - Saturday 10th March

Thanks to everyone who braved the weather forecast to splash around a very soggy Clifton Backies! We hope you enjoyed the odds and evens format. The most common regret we heard at download was not making a plan for switching over - it certainly helped! Evens was the favourite side to start on, with only 7 people starting on odds. Congratulations Jeff for the win, and Helen as top woman. Special congratulations to Andy and Sam + Laura for managing a draw in a timed score event - no mean feat!

It's worth mentioning that whilst we were out running the "Friends of Clifton Backies" were out having a litter pick and the whole area looked much nicer when we were collecting the controls than putting them out! Efforts like this will make the area a much nicer area to run in future so a big thanks to them too!

Sorry that we put the wrong map scale on the flyer - well done to the eagle eyed types that spotted the error! We are also sorry for forgetting the club dibbers and are very grateful to those that allowed us to borrow their personal ones.
