

Results from Huntington South, March 24th 2018

Well, that was embarrassing. Apologies for the misplaced control. Those runners impacted are highlighted below (*).

The results below are based on voiding the affected legs (13-14-15 on medium, 12-13-14 on Long). I also for completeness include the actual recorded times and the position arising from that.

Apart from that, a good turn out, and thanks for everyone who taking advantage of a break in the arctic weather. Those not searching fruitlessly for control 66 seemed to enjoy it.

Any queries, comments, corrections, please advise, simon.brook@lineone.net.
